

PM Plastics Co.

FACILITIES LIST

(32) Injection Molding

Machines:

(1)	1200 Ton	200 oz
(1)	1000 Ton	288 oz
(1)	1000 Ton	231 oz
(1)	725 Ton	142 oz
(1)	725 Ton	115 oz
(1)	725 Ton	105 oz
(1)	700 Ton	112 oz
(1)	550 Ton	78 oz
(1)	550 Ton	54 oz
(2)	500 Ton	99 oz
(1)	500 Ton	57 oz
(1)	440 Ton	69 oz
(2)	400 Ton	40 oz
(3)	300 Ton	24 oz
(1)	250 Ton	16 oz
(4)	200 Ton	12 oz
(2)	150 Ton	9 oz
(4)	125 Ton	7 oz
(1)	70 Ton	3 oz
(1)	50 Ton	4 oz
(1)	30 Ton	2 oz

Decorating Department:

- (5) Pad printing machines
 - (12) Hot stamp machines (up to 14" X 18")
 - (1) Roll-on type hot stamper (11" width)
 - (4) Heat transfer machines
 - (2) Silk Screen Machines (up to 24" X 36")
(with UV curing system)
- Complete spray painting department

Secondary, Assembly & Packaging Department:

Riveting, ultrasonic welding, auto-bagging, tapping, machining, blister packing, shrink packaging, drop shipping capability, etc.

Engineering Department:

Application engineering, solid modeling (Solidworks), part and product design, tool design and qualification, mold maintenance, jig and fixture design and manufacture.

Quality Assurance Department:

Total quality assurance through traditional gaging, inspection and statistical verification of product and process.

“Over 60 Years of Plastic Molding Service”
